

International Federation of
Library Associations and Institutions

IFLA Green Library Award 2019

Administered by ENSULIB, IFLA Environment, Sustainability and Libraries SIG
(<https://www.ifla.org/environment-sustainability-and-libraries>)

Awarded as Runner up:

Slovenia, Ljubljana
Ljubljana City Library

Submission Title:

“Šentvid Library - the Green Library”

The submission was characterized by the international ENSULIB award reviewing committee as an initiative that “included environmental management and social engagement: green library building; green collections, etc. Thus, the library covers all of the areas of green libraries in their activities and in their building. The library presents a large range of regular projects that invite the whole community to examine and understand the importance of conserving natural resources and the respect of the natural environment. In addition, the projects help people to understand the importance of acting as environmentally responsible citizens.”

IFLA and ENSULIB congratulate the winner! Athens, Greece, 27 August, 2019.

Harri Sahavirta
ENSULIB Convenor

Petra Hauke
ENSULIB Secretary
