

25. Podgradski likovni teden z naslovom »Jubilejno leto«

Na vzhodnem delu ljubljanske kotline se nahaja vas Podgrad, v kateri je veliko kulturnih in naravnih znamenitosti. Nad vasjo so ruševine dveh gradov, imenovanih Osterberg, in znameniti kamnolom mlinskih kamnov iz srednjega veka, na drugi strani kraja se v sotočju treh rek zlivajo Sava, Ljubljanica in Kamniška Bistrica. Še večja posebnost vasi Podgrad pa je udejstvovanje krajanov na kulturnem področju.

V letu 2025 je likovna sekcija Kulturno-turističnega društva Podgrad pri Ljubljani praznovala 25. izvedbo Podgradskega likovnega tedna. Hkrati je društvo obeležilo 40. obletnico svojega delovanja, zato smo Podgradski likovni teden imenovali »Jubilejno leto«.

Kot vsako leto smo tudi letos povabili k ustvarjanju slikarje iz Ljubljane in širše okolice. Odzvalo se je 32 slikarjev, ki so v mesecu dni ustvarili 43 slikarskih del. Nekateri so ustvarjali v svojih ateljejih, drugi v naravi, nekateri pa so se udeležili dvodnevnega ekstempora na kmetiji Pri Lazarju. Konec septembra 2025 smo postavili prvo razstavo 25. PLT v razstavnih prostorih Turizma Pri Lazarju, nato smo razstavljali v prostorih Mestne knjižnice Ljubljana, enota Zalog, v Galeriji 19 Pr' Krač in sedaj v Mestni hiši v Ljubljani.

Avtorji v predstavljenih delih na platnu in papirju upodabljajo svoje videnje tistega časa. Na razstavi sodelujejo priznani akademski slikarji, drugi priznani umetniki in še neuveljavljeni avtorji z veliko umetniškega potenciala.

Prepričani smo, da bo obiskovalce razstave očaralo marsikatero delo. Ob tej priložnosti se zahvaljujemo Mestni občini Ljubljana, Zavodu za turizem Ljubljana, JSKD in vsem podpornim članom, ki nam omogočajo delovanje.

Četrtna skupnost Polje se lahko pohvali ne samo s svojimi naravnimi in kulturnimi znamenitostmi, temveč tudi s številnimi lokalnimi društvi, ki imajo pomembno vlogo pri oblikovanju družbenega in kulturnega življenja v kraju. Njihovo delovanje pogosto temelji na prostovoljstvu, osebni pobudi in sodelovanju med prebivalci, zato ima poseben pomen za ohranjanje kulturne dejavnosti.

Eno izmed takšnih društev je Kulturno-turistično društvo Podgrad pri Ljubljani, ki izhaja iz vasi Podgrad. Močna povezanost med prebivalci ter aktivnost članic in članov društva na različnih kulturnih in turističnih področjih kažeta na enotnost in skupnost, ki sta živi še v današnjem času. To je vrednota, ki jo želimo ohraniti tudi v prihodnje.

V okviru delovanja društva se je v več kot 40 letih oblikovala tudi likovna dejavnost. Tako je nastal Podgradski likovni teden, ki poteka kot organizirano srečanje ustvarjalcev ter predstavlja priložnost za delo, izmenjavo izkušenj in povezovanje. Dogodek se je uveljavil kot del kulturnega dogajanja v Podgradu in širšem prostoru.

Podgrad je eden izmed delov četrtna skupnosti, ki so najbolj oddaljeni od središča mesta, zato pogosto slišimo, da je zaradi tega bolj zapostavljen. Hvaležni pa smo, da v kraju deluje vaški odbor, ki četrtno skupnost in mesto večkrat opomni, da je treba pozornost nameniti tudi temu delu Ljubljane. Največja pridobitev v zadnjih letih je zagotovo dolgo pričakovana avtobusna povezava. Prioriteti za prihodnost pa sta ureditev ceste skozi naselje ter kanalizacija. Še najprej računamo na dobro povezanost prebivalcev ter odprt stik s četrtno skupnostjo, katere možnosti so sicer omejene, a z veseljem zastopa interese prebivalcev in pri tem pomaga, kadar je mogoče.

Četrtna skupnost Polje pri svojem delu prepoznava pomen društev in njihov prispevek k oživljanju skupnega prostora ter sodelovanju med prebivalci. Ponosni smo, da našo skupnost tokrat na likovnem področju zastopa Kulturno-turistično društvo Podgrad pri Ljubljani.

25th Podgrad Art Week: »Jubilee Year«

Located in the eastern part of the Ljubljana Basin, the village of Podgrad boasts many cultural and natural attractions. Above the village are the ruins of two castles called Osterberg and the famous medieval millstone quarry. On the other side of the village, the Sava, Ljubljanica, and Kamniška Bistrica rivers converge. However, it is the cultural activities of Podgrad's residents that make the village particularly special.

In 2025, the art section of the Podgrad Pri Ljubljani Cultural and Tourist Association celebrated the 25th edition of Podgrad Art Week. At the same time, the association marked its 40th anniversary, which is why the Podgrad Art Week was named 'Jubilee Year'.

As every year, we invited painters from Ljubljana and the surrounding area to create artworks. Thirty-two artists responded, producing 43 paintings over the course of a month. Some worked in their studios, some in nature, and some participated in a two-day plein air event at the Pri Lazarju farm. The first exhibition of the 25th Podgrad Art Week was set up at the Turizem Pri Lazarju exhibition spaces at the end of September 2025. This was followed by exhibitions at the Zalog branch of the Ljubljana City Library, the Galerija 19 at the Pr' Krač Homestead, and, currently, at the Ljubljana City Hall.

In the exhibited works, the artists depict their vision of the moment in time captured on canvas and paper. The exhibition features renowned academic painters, other renowned artists, and emerging artists with great artistic potential.

We are confident that visitors to the exhibition will be enchanted by many of the works. We would like to take this opportunity to thank the City of Ljubljana, the Ljubljana Tourism Board, JSKD, and all our supporting members who make our work possible.

Podgrad Pri Ljubljani Cultural and Tourist Association

The Polje District Community is not only renowned for its natural and cultural attractions, but also for the numerous local associations that play a vital role in shaping its social and cultural life. Their activities are often based on volunteering, personal initiative, and cooperation among residents, which makes them particularly important for preserving cultural activities.

One such association is the Podgrad Pri Ljubljani Cultural and Tourist Association, originating in the village of Podgrad. The strong bonds between residents and the activities of the association's members in various cultural and tourist fields demonstrate a unity and community spirit that remain strong to this day. This is a value that we want to preserve in the future.

For over 40 years, visual arts have been evolving among the association's activities. This culminated in the creation of the Podgrad Art Week, an organised meeting of artists providing an opportunity for work, the exchange of experiences, and networking. The event has become an integral part of the cultural scene in Podgrad and the surrounding area.

Podgrad is one of the parts of the district community that is furthest from the city centre, which is why it is often said to be neglected. However, we are grateful for the village committee, which frequently reminds the wider community and the city authorities that this part of Ljubljana must also be considered. The biggest achievement in recent years is undoubtedly the long-awaited bus connection. Priorities for the future include improving the road through the settlement and the sewerage system. Above all, we rely on strong links between residents and open contact with the district community, whose possibilities are limited, but who are happy to represent the interests of residents and provide assistance wherever possible.

The Polje district community recognises the importance of associations and their contribution to revitalising the shared space and fostering cooperation among residents. We are proud that the Podgrad Pri Ljubljani Cultural and Tourist Association is representing our community in the field of art at this occasion.
