

**LEGENDA:**

- 
- The diagram illustrates the hydraulic architecture of a tree. At the top, a horizontal line represents the canopy, with 'PZ' (leaf area) indicated above it. Below this, a vertical line represents the trunk. A horizontal line with an upward arrow is labeled 'p<sub>tr</sub>H', representing the pressure head in the trunk. A horizontal line with a downward arrow is labeled 'nH', representing the pressure head in the roots. A horizontal line with a double-headed arrow is labeled 'NAČRTOVANI INTERNI NADZEMNI HIDRANT', representing the internal hydraulic connection between the trunk and the canopy. A horizontal line with a double-headed arrow is labeled 'NAČRTOVANI INTERNI NADZEMNI HIDRANT', representing the internal hydraulic connection between the trunk and the roots. A horizontal line with a double-headed arrow is labeled 'NAČRTOVANO DREVO', representing the tree trunk itself.
